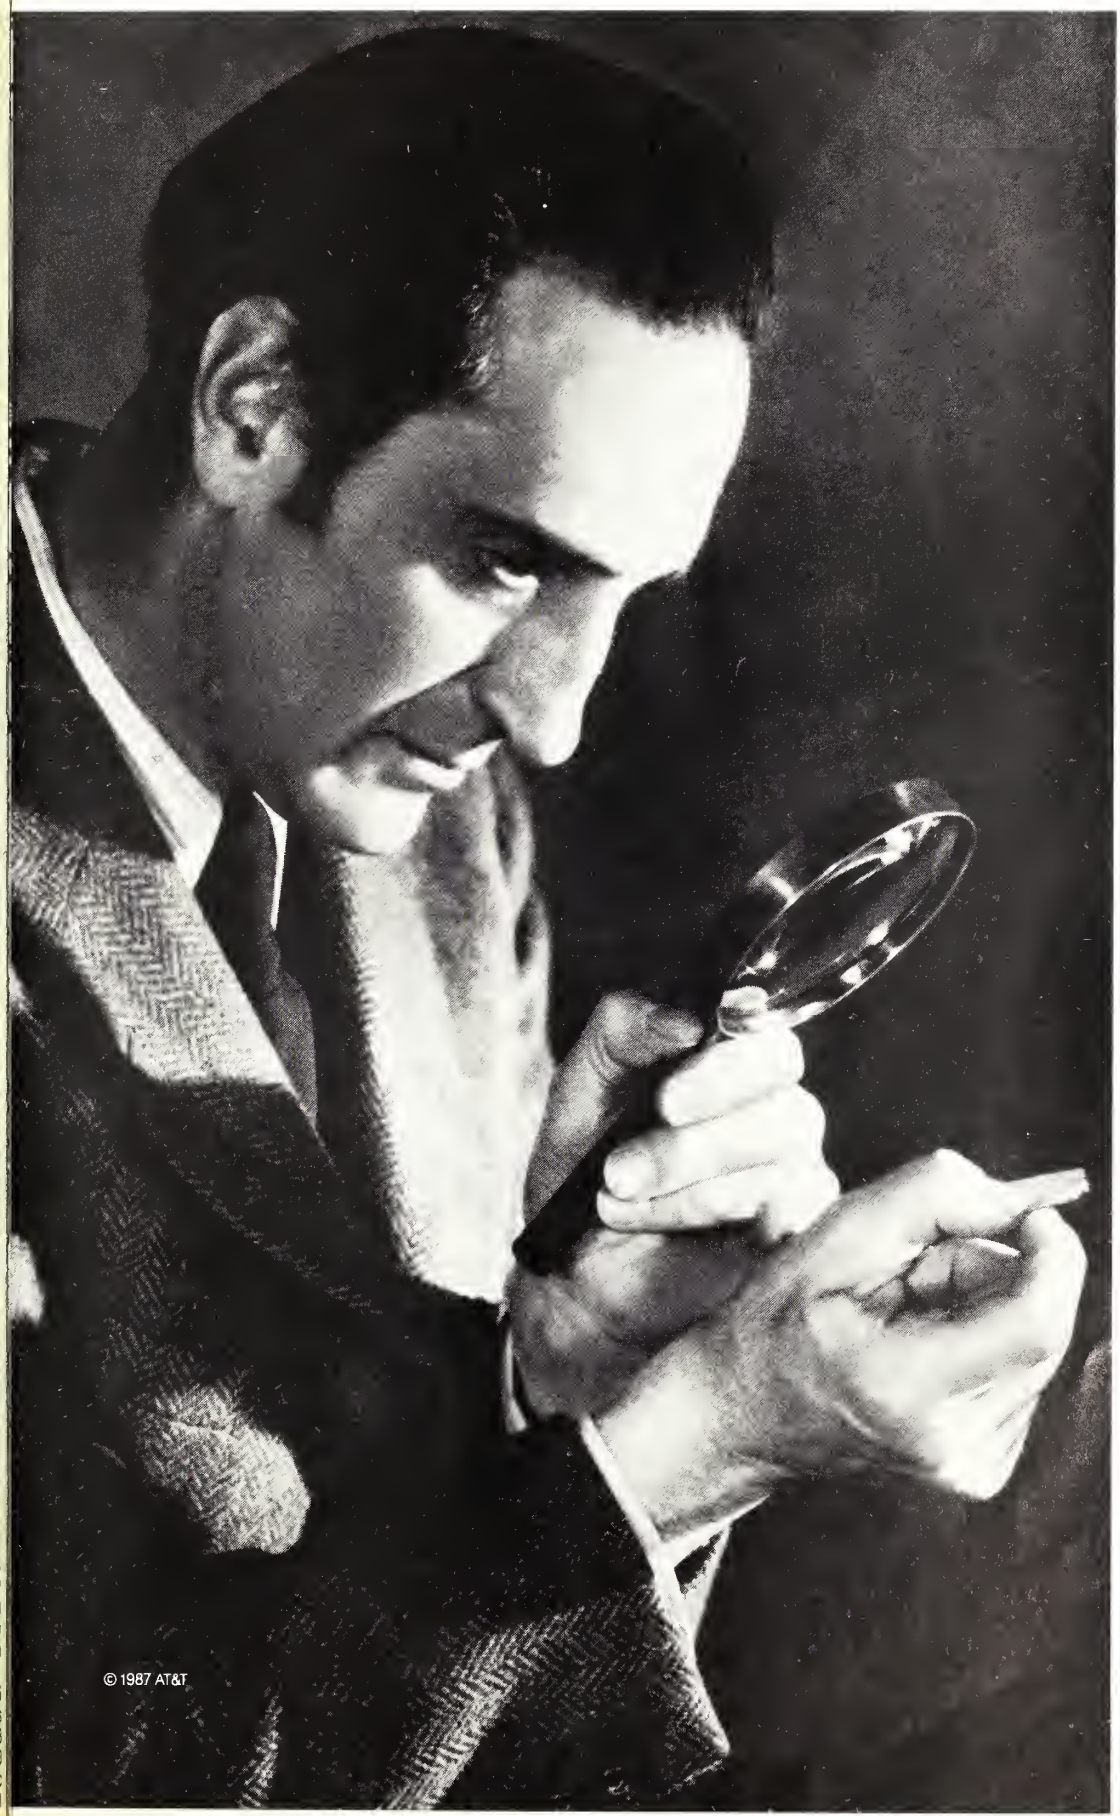
Before you choose a long distance service, take a close look.



You may be thinking about choosing one of the newer carriers over AT&T in order to save money.

Think again.

Since January 1987, AT&T's rates have dropped more than 15% for direct-dialed out-of-state calls. So they're lower than you probably realize. For information on specific rates, you can call us at 1 800 222-0300.

And AT&T offers clear long distance connections, operator assistance, 24-hour customer service, and immediate credit for wrong numbers. Plus, you can use AT&T to call from anywhere to anywhere, all over the United States and to over 250 countries.

You might be surprised at how good a value AT&T really is. So before you choose a long distance company, pick up the phone.

AT&T

The right choice.

GET UP TO $5,040 FOR COLLEGE WHILE YOU GO TO COLLEGE.

One of the best things about the Army Reserve, besides a good part-time salary, is the GI Bill. Just a little of your time in the Army Reserve earns you as much as $5,040 to continue your education.

You serve one weekend a month (usually two 8-hour days) plus two weeks annual training, and earn over $80 per weekend to start.

So, if a part-time income plus the GI Bill could help you through college, give us a call.

If you're a math, engineering or physical sciences major, you could be earning $1,000 a month during your junior and senior years.

This excellent opportunity is part of the Navy Nuclear Propulsion Officer Candidate Program. It's one of the most prestigious ways of entering the nuclear field-and rewarding, too. You get a $4,000 bonus upon entrance into the program, and $2,000 more when you complete your Naval studies.

You also receive a year of paid graduate-level training that's the most comprehensive in the world. And you'll acquire expertise with state-of-the-art nuclear reactor and propulsion plant technology.

As a Navy officer, you'll lead the adventure while gaining high-level experience that will help make you a leader in one of the world's high-tech industries.

In addition to the professional advantages, nuclear-trained officers get an unbeatable benefits package, travel opportunities, promotions and a solid salary.
